**DEADLINE: September 23, 2016**

The Indiana Department of Education invites high school juniors from around the state to apply for membership on the Superintendent's Student Advisory Council (SAC). The purpose of the SAC is to research issues and advise the Superintendent of Public Instruction on matters that are of concern to students in the state. Membership is apportioned by congressional district, with each Indiana congressional district having one student representative that serves on the council until their graduation from high school. Additionally, one student is selected statewide to serve as an at-large member of the council. Twice per year the SAC meets with Department staff and the Superintendent.
